Track your passport

If the status shows "Approved," please wait until it is updated to "Issued." Once the status is updated to "Issued," passports are typically returned to you within 4 – 6 business days and a notification via SMS and email will be sent as soon as your passport is ready for pick-up. You do not need to contact the call centre to check the status of your visa. You can refer to FAQs listed under Retrieve my Passport/Visa for more information.

Please note: Your passport will be delivered according to the document delivery option you selected during the appointment scheduling.

Check visa application status
